

Dear Sir/Madam:

I am completely opposed to any roll back in Indiana's No Call List. I have finally gotten some relief from these bung holes. The fact that you might give them back some room to screw with me jst makes me sick. Let these people try to make money some other way. Let me keep my peace and quiet with out these A-holes. We Can not do anything about SPAM, but at least we can control our phones.

Thank you for your time.

Aaron Smith
